

TO: Whom it may concern

Bogotá, December 22th 2009

We, **AREVA T&D S.A. Colombia**, confirm that **KYLAND** through its exclusive authorized representative and Distributor in Colombia **Mectel Ingeniería**, has been supplied a SICOM 3024P switch for our Suria Substation project.

This Switch was tested successfully to have a complete management of the IEC 61850 standard in order to make a packet filtering of MMS, GOOSE and GSSE protocols

AREVA T&D S.A. received a complete technical support and assistance for this application.

Yours sincerely,

A handwritten signature in black ink, appearing to read 'AMF', with a large, sweeping flourish extending to the left.
